FINANCIAL IMPACT

Is there a fiscal impact? No

BACKGROUND AND DISCUSSION

The NVTA TAC serves as an advisory committee to the NVTA Board on technical issues relating to transportation planning, projects, and funding. The TAC Work plan includes regular agenda items, transportation project funding programs and special projects. It is a guideline for developing TAC agendas to keep the committee on track to complete tasks and meet critical deadlines throughout the year.

NVTA staff envisions 2019 will include a familiar range of regular program monitoring in addition to work related to Measure T and SB 1 projects and the development of the next Countywide Transportation Plan call for projects and the Regional Transportation Plan call for projects.
