EXECUTIVE SUMMARY

The Association of Bay Area Governments (ABAG) and the Metropolitan Transportation Commission (MTC) have been working to develop a guide “playbook” to assist local jurisdictions with implementation of updated parking policies in support of vehicle trip reduction.

James Choe, Climate Program Manager with MTC/ABAG Regional Planning, provided a presentation to several working groups in August and will provide information to the NVTA Technical Advisory Committee on October 7 at 2:00 p.m.

NVTA staff will provide ATAC with an overview of the program and will relay any requests for information to MTC/ABAG. ATAC members are encouraged to attend the TAC meeting in October. The parking policy playbook is scheduled to be completed in September.
